

## Our base in Sucuraj on Island Hvar

Our boat base is located in Sucuraj, at south-east cape of Island Hvar, which is closest island spot to the mainland (Dalmatian coast) - about 3 nautic miles. This position gives the opportunity to explore nearby islands, as well as Dalmatian coast destinations with boat excursions .

Near Sucuraj, from the south and north side of the island, are beautiful, mostly inhabited bays, with crystal clear sea. Amongst them, Mlaska bay with biggest sandy beach on Hvar, just a few nautic miles from Sucuraj.
